Market Update: Cover BAC, C, GS, and JPM Shorts

Dear Subscribers,

The market should be breaking down more aggressively. I have a sneaking suspicion the "powers that be" are about to kick off another short covering squeeze.

We're already up between 5-8% on our TBTF shorts. Let's take those profits and revisit these positions later.

Action to Take: COVER the Bank of America (BAC) SHORT.

Action to Take: COVER the Goldman Sachs (GS) SHORT.

Action to Take: COVER the Citigroup (C) SHORT.

Action to Take: COVER the JP Morgan (JPM) SHORT.

Good Investing!

Graham Summers
