Market Update: Buy Crisis Trades

Dear Subscribers

By the look of things, the next leg down of this correction is here.

Let's open our Crisis trades, but I suggest keeping these positions small here as we have a Fed meeting later this week and we could get a surprise.

So, feel free to open the following positions... but keep them relatively small. We will add to them later this week.

Action to take: Short Bank of America (BAC)

Action to take: Short Citigroup (C)

Action to take: Short Goldman Sachs (GS)

Action to take: Short JP Morgan (JPM)

Action to take: Short Deutsche Bank (DB)

Action to take: Short Santander (STD)

Action to take: Short HSBC (HBC)

And we're also opening our UltraShorts:

Action to take: Buy the UltraShort China ETF (FXP)

Action to take: Buy the UltraShort Emerging Markets ETF (EEV)

Action to take: Buy the UltraShort Brazil ETF (BZQ)

Action to take: Buy the UltraShort Materials ETF (SMN)

Action to take: Buy the UltraShort Real Estate ETF (SRS)

Action to take: Buy the UltraShort Financials ETF (SKF)

Good Investing!

Graham Summers
