Market Update: Sell ZSL

Dear Subscribers

I'm still working through the family emergency mentioned earlier this week.

However, I wanted to drop a quick note that our UltraShort Silver ETF (ZSL) trade is up 10%.

Let's lock in that gain.

Action to Take: Sell the UltraShort Silver ETF (ZSL).

I'll have a more lengthy update to you sometime Friday.

Thank you for your well wishes.

Graham Summers
