Market Update: Sell EEV, BZQ, and FXP

Dear Subscribers

The market continues to drop. As I write this we're up 8% on our **UltraShort Emerging Markets ETF (EEV)** 4% on our **UltraShort Brazil ETF (BZQ)** and 4% on our **UltraShort China ETF (FXP)**.

That last one is in just two days!

Let's lock in these gains. This is easy money and we can revisit these trades again down the road when things heat up even more.

Private Wealth Advisory is not a day trading newsletter, but if we get an easy 4% in two days, why not take it?

Action to Take: Sell the UltraShort Emerging Markets ETF (EEV)

Action to Take: Sell the UltraShort Brazil Markets ETF (BZQ)

Action to Take: Sell the UltraShort China Markets ETF (FXP)

Good Investing!

Graham Summers
