## **Market Update: Sell TWM and COVER EWP**

Dear Subscribers

Stocks are sharply oversold and due for a bounce. Let's use this to lock in some gains. We'll then re-open some shorts and add some new positions once this bounce ends.

**Action to Take: Sell the UltraShort Russell 2000 ETF (TWM)**

**Action to Take: COVER ALL OF YOUR Spanish ETF (EWP) SHORT**

Best Regards

Graham Summers
