Market Update: Sell DTO and Cover your GDXJ Short

Dear Subscribers

Our Oil and Gold Miners shorts have been showing us some fantastic gains. As I write this, we're up 9% on the ProShares Double Short ETN (DTO) and 7% by shorting the Junior Gold Miners ETF (GDXJ). Not bad for just a little over a week.

Let's lock in these gains!

Action to Take: Sell PowerShares Double Short Oil ETN (DTO)

Action to Take: Cover Your Junior Gold Miners ETF (GDXJ) SHORT

Best Regards
